PUTRAJAYA: The Special Committee on Covid-19 Vaccine Supply Access Guarantee (JKJAV) is in the process of fine-tuning the Covid-19 National Vaccination Plan, which will be available for all Malaysians.

Health Minister Datuk Seri Dr Adham Baba said the matter was discussed at the JKJAV meeting which he jointly chaired with Science, Technology and Innovation (MOSTI) Minister Khairy Jamaluddin yesterday.

Dr Adham, through his official Facebook posting, said the meeting also discussed the next course of action to be taken by the government in acquiring the Pfizer-BioNTech, AstraZeneca vaccines and vaccine supply from COVAX.

Prior to this, Khairy said the National Vaccination Plan, scheduled to start in February, will be tabled to Prime Minister Tan Sri Muhyiddin Yassin this Monday and to the Cabinet on Wednesday.

Meanwhile, Bintai Healthcare Sdn Bhd, a subsidiary of Bintai Kinden Corporation Bhd, has been appointed as exclusive distributor for Greenie Medi Cold Chain Box, designed for storage and distribution of Covid-19 vaccine in Southeast Asia.

Bintai Healthcare today signed the distribution agreement with SLAB Asia Co Ltd to distribute the full range of Greenie Medi Cold Chain Box products in Malaysia, Brunei, Myanmar, Cambodia, Timor-Leste, Indonesia, Laos, the Philippines, Singapore, Thailand and Vietnam.

"SLAB Asia is one of the leading cold chain equipment manufacturers in South Korea and operates Korea's only ISTA 7D/7E certified private test lab which offers international quality assurance," Bintai Kinden said in a statement today.

ISTA 7D/7E is a test standard set by the Centre for Drug Evaluation and Research under the US Food and Drug Administration in certifying compatibility and adequacy for transporting medical-grade products.

The box was designed exclusively for transporting and storing medical products at very low temperature of -70°C for up to 120 hours.

The agreement is not expected to have any material effect on the issued and paid up share capital of Bintai Kinden but contribute positively towards the future earnings of the group.
