KUALA LUMPUR (May 27): Some applicants who could not fully complete their AstraZeneca (AZ) application yesterday woke up to appointments today in their MySejahtera apps.

The Edge is aware of at least six of such applications.

However, three said that the appointments were for dates that they did not pick while one applicant submitted for his application.

“Perhaps this was because, in the whole process of clicking, something went through but the system did not actually go through,” said an observer.

The Edge had called the “Vaksin hotline” to inquire about this vaccination appointment.

After nearly 30 minutes of trying, The Edge finally got through and the person at the hotline said that the vaccination appointment had happened but added that applicants “will have to stick to the dates given if they want it”.

The Edge had also contacted the Ministry of Science, Innovation and Technology (Mosti) on the matter. A spokesperson said, “There will be a briefing by YB KJ (Khairy Jamaluddin) today on AZ 2.0 booking.” Khairy is the Minister of Health and the National Immunisation Programme coordinating minister.

In a tweet at 9.43am, the Jawatankuasa Khas Jaminan Akses Bekalan Vaksin COVID-19 said: “A second round of the AstraZeneca vaccine have been pushed since last night. For those who have managed to book an appointment but have not received it yet, don’t worry. You will see your appointment soon.”

Many users in Kuala Lumpur, Selangor, Penang, Johor and Sarawak had faced difficulties in accessing the website during the opt-in registration process of AZ yesterday.
