Motac was also ready to provide energy and financial assistance to speed up the vaccination process for the 76,400 residents of the resort island, to create cluster immunity, she said.

Nancy said the resort island was chosen as a 'green travel bubble' pilot project because of its popularity as an international tourist destination apart from having international flight facilities that could bring in tourists directly from abroad.

She added that the famous island recorded the arrival of about 1.8 million tourists last year compared with 3.9 million in 2019. — *Bernama*
