KUALA LUMPUR, July 22 — The National Security Council (NSC) is looking to allow separated family members to reunite if they have received both Covid-19 vaccines doses.

“I have seen the social media comments where many separated couples as well as mothers and fathers separated from their children have not been able to meet one another due to the travel restrictions that are in place.

“As a father myself, I am aware of the importance of family. Parents shouldn’t be separated from their children for too long a period of time. More so if said parents have received two Covid-19 vaccines doses.

“I have constantly brought up this matter during our meetings with the NSC, and God willing, may restrictions be eased for them so they can reunite with their families and loved ones,” he said in a Facebook posting today.

Melihat kepada komen-komen yang diberikan netizen di media sosial, saya dapati ramai yang menyuarakan keluhan pasangan jarak jauh atau ibubapa yang terpisah dari anak-anak kerana larangan merentas negeri.

Sebagai seorang bapa, saya sedar betapa pentingnya institusi kekeluargaan itu kepada manusia. Walaupun atas faktor keselamatan, ibu atau bapa tidak sepatutnya terpaksa berpisah dengan anak-anak dalam tempoh yang terlalu lama. Lebih-lebih lagi jika ibubapa berkenaan sudah pun menerima dua dos vaksin.

Oleh sebab itu saya sering membawa isu ini dalam mesyuarat MKN, supaya kelonggaran bertemu keluarga dapat dipertimbangkan bagi mereka yang sudah lengkap menerima dua dos vaksin. InsyaAllah, kerajaan sedang memperhalusi cadangan ini bagi membolehkan pasangan & keluarga jarak jauh disatukan semula.

The government is studying the feasibility of lifting several restrictions for fully vaccinated individuals such as possibly allowing them to travel interstate.

National Covid-19 Immunisation Programme (NIP) Coordinating Minister Khairy Jamaluddin said the proposal to lift these restrictions for qualified individuals is being scrutinised by NIP’s technical working committee who he said would also be looking at the leeways given to fully vaccinated individuals by other countries.

He said the findings of the working committee, which comprises industry professionals, would then be presented to the NSC to be finalised.
