PAC to call up Khairy, Tengku Zafrul next

KUALA LUMPUR: Khairy Jamaluddin and Tengku Datuk Seri Zafrul Tengku Abdul Aziz are among those who will appear before the Parliament Public Accounts Committee (PAC) when it resumes its proceedings on Covid-19 vaccine procurement and administration in Malaysia on Tuesday.

Khairy, who is National Covid-19 Immunisation Programme coordinating minister, will be recalled on Tuesday while Tengku Zafrul, the finance minister, will appear before the committee the following day, PAC chairman Wong Kah Woh said in a statement yesterday.

PAC will also hear explanations from accountant-general Datuk Dr Jacob Mustafa on Wednesday, it said.

On Jan 5 this year, PAC had begun its proceedings on the matter by hearing explanations from Khairy, who is also science, technology and innovation minister, and Health Minister Datuk Seri Dr Adham Baba.

"After considering the latest developments on Covid-19 vaccine procurement throughout the six months when the emergency was in force, PAC is of the view that the government needs to give a more detailed explanation to this committee as the scenario has changed compared with that in January," Wong said.

Wong said the proceedings on the issue would be conducted based on powers derived from Standing Order 77(1)(d) of the Dewan Rakyat Standing Orders, which allows PAC to examine any other matters it deems appropriate. - Bernama
