recorded a daily figure of 399,135 shots, according to the latest updates on Twitter today by the country's Special Committee for Ensuring Access to Covid-19 Vaccine Supply (JKJAV), citing data from the Covid-19 Immunisation Task Force (CITF).

The country's total number of administered doses was 16.9 million as of Saturday (July 24).

However, the daily figure of administered shots at 399,135 yesterday was lower than the 417,738 doses on Saturday, according to the task force.

As at July 25, 2021:

Number of new cases	17,045
Number of individuals tested	137,214
Positivity rate (%)	12.42

Category 1 [no symptoms]	9,123 (53.5%)
-----------------------------	---------------

Category 2 [mild symptoms]	7,489 (43.9%)
-------------------------------	---------------

Category 3 [with pneumonia]	122 (0.7%)
--------------------------------	------------

Category 4 [with pneumonia, requiring oxygen therapy]	124 (0.7%)
--	------------

Category 5 [critical & requiring assisted ventilation]	187 (1.1%)
---	------------

Number of patients in ICU	970
ICU capacity utilisation (%)	69.88

Out of the vaccine doses given out yesterday, 281,481 were first shots, while 117,654 were second doses, the CITF added.

Among the states and federal territories, Selangor reported the highest daily number of first doses administered at 73,921 yesterday, followed by Kuala Lumpur at 43,101, the task force said.

As for second doses, Kuala Lumpur saw the highest daily figure at 27,990, followed by Selangor's 27,542, according to the CITF.

Cumulatively, the task force said the 17.32 million shots

administered so far comprised 11.8 million first doses for 36.1% of Malaysia's total population and 5.52 million second shots for 16.9% of the population.

The Department of Statistics Malaysia's (DOSM) latest data showed that the country's po

Elsewhere, the total number of administered first doses was the highest in Sarawak at 1.66 million, followed by Johor at 880,832, said the task force.

As for second doses, Sarawak also recorded the highest cumulative number at 1.14 million, followed by Johor at 398,389, the CITF added.

Malaysia's Covid-19 vaccination scheme started on Feb 24, with Prime Minister Tan Sri Muhyiddin Yassin taking the first jab.

Based on the government's target of having 80% of the population fully vaccinated against Covid-19 to achieve herd immunity, the country will need to have about 26 million people completing their two-dose vaccination.

News reports in June, quoting National Covid-19 Immunisation Programme Coordinating Committee, said the government is targeting to vaccinate around 26 million people by the end of the year.

administered from June to August is reportedly expected to more than double from 5.8 million to 14.4 million amid expectations of faster vaccine deliveries from

suppliers.
