A total of 313,761 doses of Covid-19 vaccine was administered yesterday, making it the highest number of vaccine doses administered per day, surpassing the daily vaccination target of 300,000 doses.

In his tweet, Health Minister Dr Adham Baba said, of the total, 196,603 were given as the first dose while 117,158 others were given as the second dose for registered recipients.

Coordinating minister of the National Covid-19 Immunisation Programme (NIP) Khairy Jamaluddin had...
