“The Week 2 programme at the Malaysia Pavilion of Expo 2020 Dubai will be dedicated to startups, in line with Mosti’s strategy of putting startups in the economic driving seat,” said Mosti Minister Datuk Seri Dr Adham Baba.

“The Malaysian Pavilion, themed ‘Creating Tomorrow’s Sustainable Startups’, is a showcase of the country’s thriving technology ecosystem from the perspective of policymakers, investors, and homegrown leading startups.

“It will also unveil Malaysia’s plan as a startup investment hub given the opportunities and incentives available, strategic location, the booming local ecosystem as well as world-class communications and transport infrastructure,” he said.

Mosti’s agency, Cradle Fund Sdn Bhd (Cradle) will be the host of Week 2 of this international quinquennial event held from October 11-15, 2021.

Cradle Group chief executive officer Rafiza Ghazali said Expo 2020 Dubai is a chance for people to connect from different corners of the globe, to experience the best of art, culture, science, innovation, and invention.

“Through Expo 2020 Dubai, Cradle is looking for global opportunities for the local startup ecosystem,” he said.
