BRIEF

### Hydrogen economy plan being drafted

**A HYDROGEN** economy and technology action plan is being drafted to make the country among the leading players in the industry. Science, Technology and Innovation Minister Datuk Seri Dr Adham Baba said NanoMalaysia Bhd had been appointed the strategic partner to put up the plan. “Preparations are being carried out in collaboration with the Academy of Sciences Malaysia, NanoVerify Sdn Bhd and Malaysian Green Technology Corporation,” Dr Adham said, adding that the plan would chart the country’s progress until 2050. **Bernama**
