

**OPENING SPEECH BY
YB DATUK DR. ABU BAKAR BIN MOHAMAD DIAH
DEPUTY MINISTER OF SCIENCE, TECHNOLOGY AND INNOVATION
AT THE OPENING CEREMONY OF THE LACO AESTHETIC CLINIC
(3RD BRANCH)**

28 JULY 2016 (THURSDAY)

**02-26, 2TH FLOOR, BERJAYA TIMES SQUARE,
NO. 1, JALAN IMBI, 55100 KUALA LUMPUR**

Mr. Jason Kau, Founder of Laco Aesthetic Clinic;

YBhg. Datuk-Datuk and Datin-Datin;

Distinguished Guests, Ladies and Gentlemen.

Salam sejahtera, Salam 1Malaysia and a very good afternoon.

First and foremost, I would like to express my deepest appreciation to the organiser for this invitation to officiate the opening ceremony of the third branch of Laco Aesthetic Clinic.

I would also like to record my utmost congratulations to Laco on their 12th anniversary. I have to admit, 12 years is truly a great milestone for any businesses. It is really a momentous occasion to celebrate and also a great opportunity for Laco to momentarily explore their past experiences and subsequently looking ahead on their future plans.

Ladies and gentlemen,

As we all know, medical care is imperative to everyone. Medical care helps us to improve our functional ability and quality of life. Furthermore, medical care can be diversified into many areas, such as skin.

We cannot hide the fact that whenever someone meets a person, we will unknowingly assess the condition of the other's person skin. Our skin is the most apparent aspect of our physical appearance. A healthy and beautiful skin is a good indication of an individual's overall level of general health and fitness. I was made to understand that in the year of 2015 alone, the Americans had spent more than 2.4 billion US Dollars on various face, hair and body care products and this clearly signifies the importance of having a good and healthy skin.

I believe some of us may feel that splurging our hard earned income on skin care products is a waste of time and money. Owing to this fact, most of us are still not aware that our skin requires a variety of different minerals and nutrients in order to remain as healthy as possible.

Ladies and gentlemen,

I am more than happy that I had the chance to officiate this event today. I am looking forward to get the insights and to briefly understand the services provided by Laco Aesthetic Clinic. It is my firm belief that Laco Aesthetic Clinic will be able to deliver the best advances of medical services to the general public and also helping their clients to achieve their own ideal vision of a healthy and beautiful skin.

Before I end my speech, I would like to applaud the dedication and hard work put forth by the staffs of Laco Aesthetic Clinic on their glowing success and commendable efforts for this past 12 years.

On that note, it is my pleasure to officially declare the grand opening of Laco Aesthetic Clinic.

Thank you.
